

## Wellow Recreation – January 2018

The charity continues to look after the playing field and the play park for the Parish Council.

The drainage project has helped the football pitch to cope with the winter's storms and we hope that a warm spring will promote the speedy regrowth of the grass and enable football to start again after Easter.

Our trustees are working hard together with Wellow Valley Tennis to deliver the new Sports Pavilion in March.

Its ongoing management and financing will be shared equally by the two groups.

Our next big project for 2018 is to raise funds for the much needed renovation of the Children's Play Park and we look forward to everyone's support in this very worthwhile challenge.

We are holding our **AGM on Thursday 22 March from 7pm in the Village Hall** at which our sports groups will share their plans for 2018.

Please come along and let us know your ideas and suggestions for increasing participation on the playing field, especially among younger villagers.

We will also reveal details of this year's outdoor theatre production by the Miracle Theatre on the field in July 2018.

Following the meeting refreshments and nibbles will be served and we hope that ideas will continue to flow.
